

### **Intact renews commitment to today's young leaders**

In 2003, Intact became the proud founding partner of Youth in Motion's new national award and mentoring program, Top 20 Under 20™. Each year, this exciting program celebrates and honours 20 young Canadians under the age of 20 who have demonstrated a significant level of achievement, innovation and leadership.

The Intact Foundation and Intact Insurance will continue to support the Top 20 Under 20™ program for another three years. Charles Brindamour, President and Chief Executive Officer of Intact Financial Corporation, recently confirmed this commitment to Akela Peoples, Co-founder, President and CEO of Youth in Motion.

"Intact is proud to continue its association with Youth in Motion. The young people recognized each year by Youth in Motion are wonderful real life examples of our Intact value to strive for excellence," said Charles.

The Top 20 Under 20™ program creates a unique and valuable experience for these young award winners from across Canada, and provides them with an opportunity to be role models to all youth.
